

Amin Taheri

Software Developer

Summary

I am a forward-thinking Software Engineer graduate with:

- 5 years of Academic Software Development experience
- 6+ years of Java development experience
- 5+ years of full-time work experience in the field
- 2 years of Angular experience
- 1 year of React experience

Experience

Mar. 2021 -
Present

Software Developer

Fiix Software – Toronto, ON, Canada

Part of a 5-person full-stack team that developed a new Calendar feature from the ground up:

- Built and presented an efficient, and user-friendly weekly schedule layout populated with real user data from over 1 million users
- Defined Angular project structure with modularized components
- Built, managed, and maintained full Amazon AWS infrastructure from the ground up using the IaC software tool Terraform
- Used Spring Boot, Axon and PostgreSQL to flesh out REST API endpoints, database queries, and commands to update the database
- Participated in code-reviews, gave effective feedback around software engineering best practices that focused on code maintainability, scalability, and performance
- Helped define and refine future tasks, stories, and epics in an efficient Agile software development methodology, and increased team velocity by 25%
- Experienced being paged during on-call weekends for prod issues

Apr. 2017 -
Mar. 2021

Full-Stack Software Developer

Palcam Technologies – Newmarket, ON, Canada

- Led the software division on a multimillion-dollar 3D software project
- Developed and maintained highly responsive front-end components via JavaFX, AWT, and Swing
- Established efficient client-server communications using TCP and COM connections
- Created and implemented accurate test plans for major subsystems via JUnit
- Used Gitlab for version control, as well as CI/CD automation

Education & Awards

Sep 2015 -
Apr. 2020

Bachelor of Computing Honours Graduate

University of Guelph

- Majored in Computer Science: Co-op
- Minored in Marketing Management
- Awarded Dean's List for exceptional academic performance

Personal Info

Address:

Toronto, ON, M2H3N4

Phone:

647-784-3747

E-mail:

Skills

Java	C / C++
Typescript	Python
React	NodeJS
IaC Terraform	Agile
Angular	Docker
Amazon AWS	Jira
Data Structures	SQL
Axon Framework	AI
Neural Networks	Gitlab
REST API	JavaFX
PostgreSQL	CI / CD
Agile	QML

Certifications

Deep Learning Specialization

deeplearning.ai

Hobbies

Climbing

Piano

Gaming

Traveling
